On 6 September the Central and South China Bureau issued a directive regarding the question of railway protection. The Paoan Military Control Commission was advised to carry out the following points among others:

- Make the Shench'uan (114-08, 22-32) station a central station incorporating the stations of Fachi (赤 站), Biliang (李 站), Pinghu (114-08, 22-41), and T'ient'angwei (114-04, 22-43). These latter three stations should be under the Shench'uan station.
- Keep watch over the personnel of these stations and organize safety sub-sections for security of the personnel of the various stations.
